

FUT037 RGB LED Strip Controller FUT038 RGBW LED Strip Controller

Product Features

16 Millions of
colors to choose

Brightness
Dimming

2.4GHz RF, remote control
Control distance 30m

Smart phone App control
Mi·Light WiFi ibox is needed

Technical Parameters

Model No.: FUT037 / FUT038

Output: Max. 6A/Channel

Total output: Max. 10A

Input voltage: DC12V-24V

Output connection: Common anode

Control distance: 30m

Mode list

M1. Fade in and fade out Here

different colors fade into each other

M2. Strobe white

Connection diagram

Attention:

- 1. Please check whether the input voltage of the constant voltage power supply is in accordance with the controller, and please check the connection of both the cathode and anode, otherwise the controller will be broken.
- 2. Please don't connect wires with power on. Please switch on again only when it is in right connection and no short circuit.
- 3. Please do not use the controller in the place with widely range metal area or strong electromagnetic wave nearby, otherwise, the remote distance will be seriously affected.

Compatible Remote

NOTE:

Lighting can be working after linking with remote; for more details, pls read the remote instruction.
